To our friend

DR. KENNETH O. SMITH

in sincere appreciation of everything he has done for us, we dedicate this book

Frank Allison Baldwin

Mary Louise Bridges

Charles Bellwood Bleasby

Dear Mrs. Cressey,

I can't understand how you've been so swell to us all - we haven't been very appreciative but really I liked French best - I'll hope it's not too big a shock. I'll never forget the help you gave us with college boards. Thanx a lot —

Françoise

P.S. I didn't know how to say it in French —

Frances Harriet Carpenter

Dear Mrs Cressey,

I wasn't an "H"
student and I admit
that I could have done
better but I really enjoyed
my French course with you.

Dear Mrs. Cressey:

I often think that you should have wrung my neck a few times and then I might have worked harder. Nevertheless, even though I was a "A" student I always came back each year. Here's hoping I remember all that I learned with you.

Jean.

Dear Mrs. Cressey,

Thanks so much for all the help you've given me in French.

I hope I'll be worthy of you in the College Boards.

Dear Mrs Cressey,

It's been a well having a French teacher - especially a French teacher - especially a native 'people from' about the accents of their teachers. You've really taught me all the French I know and thanks for the help! I say that I hope I get a big good looking man for a husband too!!

To Mrs. Cressey with happy memories of grammar, I imagine I was the worst grammar student you ever taught.

Anyway thanks for everything
